

CURRICULUM VITAE

Name: **Marangos**
Surname: **Nikolaos**
Birthday: **17.05.1961 in Athens/ Greece**
Academic graduation: **Professor Dr. med. Dr.h.c.**
Profession: **Otorhinolaryngologist, Head & Neck Surgeon**
Nationality: **Greek and German**
Mother language: **Greek**
Foreign languages: **German and English fluently, French sufficient**

EDUCATION

1966-1979 School in Pireus/Greece
1977 "First Certificate in English" of Cambridge University and "Certificat de la Langue Francaise" de l' Institut Francais
1979 - 1986 Studies in Human Medicine at the University of Athens
1984 Mittelstufe-Sprachdiplom for the German language in Goethe-Institut, Athens
1986 Final Examination of Medical studies and work permit as doctor in Athens
1986 - 1987 Doctor Thesis at the ENT Dept. of the Medizinische Hochschule Hannover in Germany (Director: Prof. Dr. Dr. E. Lehnhardt)
1987-1988 Scientific employee at the ENT Dept. of the Medizinische Hochschule Hannover in Ger-many (Director: Prof. Dr. Dr. E. Lehnhardt) and Promotion to Medical Doctor
1988 Work permit as a doctor in Germany
1988 - 1992 Training in Otorhinolaryngology at the ENT Dept. of the Medizinische Hochschule Hannover in Germany (Director: Prof. Dr. Dr. E. Lehnhardt)
1992-1993 Consultant of the ENT Dept. of the Medizinische Hochschule Hannover in Germany (Director: Prof. Dr. Dr. E. Lehnhardt)
1993-2000 Consultant and Vice Chairman of the ENT Dept. of the Albert-Ludwigs-University in Freiburg/Germany (Director: Prof. Dr. R. Laszig)
1996 PhD Thesis and Habilitation (Venia legendi) for Otorhinolaryngology in the Albert-Ludwigs-University in Freiburg/Germany
1997 Facultative specialization in Spezielle Hals-Nasen-Ohren Chirurgie (special ENT sur-gery)
1998 Additional specializations in Allergology und Plastic Surgeries, certified by the Lan-desarztekkammer Baden-Wurttemberg, Arztekkammer Sudbaden
2000-2002 Consultant of the ENT Dept. of the Johannes-Gutenberg-University in Mainz/Germany (Director: Prof. Dr. W. Mann)
Since 2001 University Professor for Otorhinolaryngology of the Johannes-Gutenberg-University in Mainz/Germany
2002-2004 Chairman of the ENT Dept. of the Metropolitan Hospital in Athens Greece and Director of the Metropolitan Cochlear Implant Center
2003-2004 Professor and vice chairman of ENT Dept. of the University of Thessalia in Larissa

Since 1996 Visiting Professor of the Medical Faculty of the Iasi University, Romania
Since 2005 Director of the Center of Otorhinolaryngology, Head & Neck and Skull Base Surgery in Athens Greece
Since 2006 Member of the “Board of Otorhinolaryngologists” of Kingdom of Saudi Arabia
Since 2008 Honor doctor of the Medical Faculty of Popa University of Iasi, Romania

SCIENTIFIC HIGHLIGHTS

1979-1986 Studies in Human Medicine in the National Capodistrian University of Athens/Greece with the predicate „very good“

1984 Six week visit of the ENT Dept. of the Medizinische Hochschule Hannover in Germany (Director: Prof. Dr. Dr. E. Lehnhardt) participating in the International Academic Student Ex-change Program (DAAD scholarship)

1985 Three months pregraduate fellowship at the ENT Dept. of the Medizinische Hochschule Hannover in Germany (Director: Prof. Dr. Dr. E. Lehnhardt) .

1986 Work permit as Doctor issued by the Ministry of Health in Greece. Assistant of the surgical dept. of "Hygias Melathron" private hospital in Athens. In October Migration to the Federal Republic of Germany.

1986 - 1988: MD thesis on: "Ergebnisse der Cochlea Implantation und ihre Bewertung" (results of cochlear implantation and their validation) at the Medizinische Hochschule Hannover (Director: Prof. Dr. Dr. E. Lehnhardt). It was the first German doctor thesis on cochlear implants and evaluated the prognostic factors demonstrating the importance of early implantation.

1987 - 1988: Scientific employee at the ENT Dept. of the Medizinische Hochschule Hannover (Director: Prof. Dr. Dr. E. Lehnhardt) with the subject to work out prognostic factors, evaluation of candidacy, and improvement of indications of inner ear prostheses. During this period I have been working in the Dept. of Experimental Otology and I learned all modern methods of conventional audiometry, neurotology, and auditory evoked potentials incl. E-lectrocochleography.

Since 1988 Member of the German Society of Otorhinolaryngology, Head and Neck Surgery.

1988 - 1992 Training in Otorhinolaryngology in the ENT Dept. of the the Medizinische Hochschule Hannover (Director: Prof. Dr. Dr. E. Lehnhardt).

My scientific interests were clinical subjects such as the etiology of inner ear disease and deafness, audiological topodiagnosis of deafness and the cochlear implants. I introduced the transtympanic electrocochleography and the transtympanic promontory stimulation as a clinical routine and I reported frequently on national and international congresses.

I participated in founding the Hannover Cochlear Implant Program with surgical and diagnostic projects such as the evaluation of deafness in uncooperative patients and children and development of objective methods in testing electric stimulation ability of the auditory nerve (objective promontory test, electric ABR).

Participation in all educational activities of the ENT Dept. including examination courses for medical students, regional clinical meetings for ENT doctors and in the annual course on clinical audiometry with lectures on objective audiometry and brainstem response audiometry. Participation in several courses on vascular microsurgery, endonasal sinus surgery,

electrophysiology of hearing and audiology in Wurzburg, Erlangen, Freiburg, Aspen/ Colorado und Munich.

1990 Invited lecture on the "7th International ERA Symposium" in Poznan / Poland.

1991 Invited references on the main topic „Cochlear Implants in Children“ on the annual meeting of the German Speaking Society of Audiologists and Neurootologists (ADANO) in Karlsruhe and on „Electrophysiological examinations of the inner ear“ on the 2nd Symposium of German Anesthesiologists in Hannover.

Invited Faculty, several lectures and round tables on the II. Course for Cochlear Implants of the Navarra University in Pamplona/ Spain.

Surgical instructor and co-organisator of the International Workshop on Cochlear Implant Surgery in Hannover.

1992 End of Training in Otorhinolaryngology and examination (Arztammer Niedersachsen).

1992 Member of the German Speaking Society of Audiologists and Neurootologists (ADANO).

Round Table panelist on Cochlear Implants during the 2. European Congress of Oto-Rhino-Laryngology (EUFOS) in Sorrento/ Italy, invited lectures on „Cochlear Implants on adults and children“ on the 5th German-Syrian Medical Congress in Damascus/ Syria and on the Meeting of the German Federation of teachers of the deaf (Berufsverband Deutscher Horgeschadigtenpadagogen) in Munster, invited lecture on „Etiology and Diagnosis of M. Meniere on the annual Neusser ENT meeting in Neuss.

Organization and exclusive instructor of the „Audiometry Course for Medical Assistants with basic knowledge during the 26th educational meeting of the German ENT Education Society (Deutsche Fortbildungsgesellschaft der Hals-Nasen-Ohrenarzte mbH).

Since 1993 Consultant of the ENT Dept. of the Albert-Ludwig's-University Freiburg (Director: Prof. Dr. R. Laszig). Main interests were microsurgery of the middle ear, tumor surgery, Laser surgery and ENT specific plastic surgery. Introduction of skull base surgery in the Dept. and establishment of the Freiburg interdisciplinary Center of Skull Base Surgery. Teaching of young assistants and guests on these topics.

Introduction of transtympanic electrocochleography and promontory stimulation and chairmanship of the Electric Response Audiometry laboratory of the dept. Introduction and founding of the Freiburg Cochlear Implant Program and of the Implant Center Freiburg (ICF). Participation in clinical and experimental projects on evaluation of new cochlear implant systems and electrode design, speech coding strategies and objective speech processor fitting.

Organization of the seminar "Cochlear Implants und their perspectives" for the teachers of the deaf in Cyprus. Invited lecture on the topodiagnosis of deafness on the Cochlear Implant Course and Surgical Workshop in Salzburg/Austria. New invitation of the Navarra University and participation on the International Symposium on Cochlear Implants in Pamplona/ Spain.

Invited lecture on the „transtympanic electrocochleography“ on the Course of Otoneurological Diagnostics, organized by the University of Mainz and the Academy for Medical Education of Rheinland-Pfalz and invited lecture on the „Diagnostics on M. Meniere" on the annual meeting of the German Speaking Society of Audiologists and Neurootologists (ADANO) in Berlin.

1995 Vice Chairman of the ENT Dept. of the Albert-Ludwigs-University Freiburg (Director: Prof. Dr. R. Laszig). Extension of interdisciplinary Skull Base Surgery with the surgical treatment of acoustic neuromas, paragangliomas and malignomas of the frontal and lateral skull base.

Research on the topodiagnosis and therapy of deafness due to Neurofibromatosis 2 and development of the „European Multichannel Auditory Brainstem Implant (ABI)“, first implanted by our team. After our first implantation in September 1992 we continued in Freiburg and organized the 5th International Symposium on Cochlear Implants and Surgical Workshop and the "1st International Auditory Brainstem Satellite Symposium". This was the first ever meeting of the only two institutions at that time working on the field of ABI in research and clinical application, the

proceedings of that meeting have been published by the Demeter Verlag/ Balingen. My responsibility was not only the surgical issue but also the pre- and postoperative evaluation of the first ABI recipients; first results were being presented in several national and international congresses. The "European Clinical Trial of the Nucleus 21 Auditory Brainstem Implant" has been organized by our team under my participation.

Invited lecture and panelist on the International Workshop for comparing Cochlear Implants in Varese/Italy.

1995-2000 Next to clinical responsibilities I became administrative responsibilities of the ENT Dept. and participated in Seminars of the Education Academy on Hospital Administration and Management, Budget Management, Controlling, PC-Administration and Staff Management. Organization of the annual regional educational Meeting for ENT doctors and co-organization of the annual "Drei-Landertreffen" of the ENT Depts. of the Universities of Freiburg, Basel und Strasburg. Organization of the annual seminar on "Diagnostics and Therapy of deafness in childhood" for the Academy for Medical Education of South Baden. Responsible for the education, lectures and examination in Otorhinolaryngology of the students of Dental Medicine and participant in the regular Otorhinolaryngology lectures for students of Human Medicine of the University of Freiburg. Member of the Examination Committee of both Faculties.

Regarding Cochlear Implants, I have been interested in new surgical techniques in cases of abnormal middle and inner ear and by ossification of the cochlea, in management of possible complications on cochlear implant users, in objective techniques for speech processor fitting on children, in the „Neural Response Telemetry“ and in evaluating prognostic factors.

Since 1987 I have been collecting all cases with inner ear malformations out of approx. 2000 adults and children with congenital deafness and I expanded their classification according to the embryogenesis.

After invitation of the local Universities, I introduced the method of Cochlear Implant and I assisted the local ENT Depts. In establishing their new Cochlear Implant programs at the Universities of Regensburg and Homburg/Germany, at the University of Szeged/ Hungary, at the University of King Saud in Riyadh/ Saudi Arabia, in the Childrens' Hospital Reine Fabiola of the Free University of Brussels/ Belgium and in the University of Thessaloniki/ Greece.

I was responsible for the participation of our ENT Dept. and our representative in the organizing committee of the 2nd, 3rd and 4th Congress of the Tumor Center Freiburg, „Tumor Therapy-State of the Art“, moderating several sessions and live-surgeries, including the first use of intraoperative neuronavigation in the University of Freiburg.

During this time I had the opportunity to present my clinical experiences in several national meetings and congresses with scientific presentations (on facial nerve outcome after acoustic neuroma surgery, on alternative surgical techniques for the Zenker diverticulum, on the management of peritonsillar abscess, on angiography and embolization in Head and Neck and paranasal sinus surgery etc.) and videos (on interactive temporal bone dissection, of the Zenker Diverticulum and of the management of bilateral glomus jugulare tumors as my personal production and of surgical techniques for cochlear implant as co-producer).

1996 PhD thesis and Venia Legendi for Otorhinolaryngology in the Albert-Ludwig's-University of Freiburg with the subject "Akustikusneurinom und Kleinhirnbrückenwinkeltumor. Stellenwert der konventionellen Audiometrie, der Hirnstammaudiometrie und auch der Elektrocochleographie zur Differenzierung tumorbedingter Funktionsstörungen" (Acoustic neuroma and cerebellopontine angle tumors. Value of conventional audiometry, brainstem audiometry and electrocochleography for differentiating tumor induced functional lesions).

Invited lecture on the Auditory Brainstem Implants on the 80th Jubileum Congress of South-West German Society of Otorhinolaryngologists.

Invited panelist on the International Multidevice Cochlear Implant Workshop in Antwerp/ Belgium, on the 2nd Friedberg Cochlear Implant Symposium and in the Focus Group Discussion on Cochlear Implants for very young children under the age of two in Kyoto/ Japan.

Co-organization and active participation on the EFAS-Vocational Training Program in Audiology in Freiburg.

1997 Facultative Specialisation in "Spezielle Hals-Nasen-Ohren-Chirurgie".

Invited lectures on the Symposium "Advanced Management Issues in Surgery, Audiology & Education" for Cochlear Implants in children in Melbourne/ Australia, on the 2nd scientific meeting of the Austrian Neuromodulation Society in Innsbruck/ Austria and on the 17th Danavox Symposium in Colding/ Denmark on long-term results of Auditory Brainstem Implant. Co-organization of the "International Surgical Workshop" on Cochlear Implants in Freiburg and active participation as instructor in the temporal bone dissection course and with several related lectures.

Member of the "European Skull Base Society", enhancement of surgical spectrum in Oto- and Rhinobasis and introduction of bone anchored epitheses and hearing aids in our department. Introduction of the Freiburg Concept of Acoustic Neuroma Treatment and invited presentation on several national and international scientific meetings

Experimental work on cats and primates after permission of the German authorities (Regierungspräsidium Freiburg, Az. 37/9185.811/192) for vital staining of the auditory nerve and the cochlear nuclei as assistance in Auditory Brainstem Implant Surgery.

Co-organization and several invited lectures on the meeting „actual Otology“ in the partner University of Iasi/ Rumania during the German-Rumanian University Days and honored as "Visiting Professor" by the Dean of the Iasi University Medical School.

1998 Invited lecture on the XIII. Neusser ENT-Colloquium on Cochlear Implants. Invited docent on the "2nd International Course on Cranial Nerve Monitoring" in Barcelona/ Spain. Invited faculty and Chairman of one scientific session on the XXIV. International Congress of Audiology in Buenos Aires/ Argentina. Invited lecture on the Interdisciplinary Symposium on Neuroradiology – Diagnostics and therapeutic strategies for complex Skull Base processes in Freiburg.

Author of the Capitel „Treatment of Otorhinolaryngologic Disease“ in the book Der Therapie-Ratgeber: Gesicherte Diagnose und Therapie-schemata aus der Allgemein- und Fachpraxis, C.F Dietrich und H. Rass (Hrsg), Demeter im Spitta-Verlag, Balingen.

Introduction of 3D-Navigation and comparison of several neuronavigation systems in the clinical practice.

Additional specialties in Allergology und plastic Surgeries from the Landesärztekammer Baden-Württemberg.

1999 Co-organization of the „2nd International Auditory Brainstem Implant Symposium“ in Freiburg.

Invited lectures on the „Longterm results of the Auditory Brainstem Implant“ and on the „Topodiagnosis of deafness due to Neurofibromatosis 2“ and on „actual aspects of auditory rehabilitation“ on the 3rd Workshop of the German Neurofibromatosis Work Group in Düsseldorf. First Poster Prize of the German Skull Base Surgery Society on the 4th Congress of the European Skull Base Society together with the 3rd Congress of the German Skull Base Society in Nurnberg.

Member of the Scientific Committee, panelist and session chairman on the 3rd International Conference on Acoustic Neuroma and CPA tumors in Rome/ Italy and on the 6th International Conference on "Physiology and Pathology of Hearing" of the „European Academy of Otology and Neuro-Otology“ in Warsaw /Poland. Member of the Scientific Committee of the 12th Annual Meeting of the European Society of Head and Neck Radiology and invited lecture on „Clinical questions to the radiologist from the ENT point of view on lesions in the parapharyngeal space and surrounding spaces“ in Brugge/ Belgium.

Invited lecture for second time on the 83rd Congress of South-West German Society of Otorhinolaryngologists in Heidelberg.

Member of the Scientific Committee and invited lecture on the 10th Panhellenic Congress on Otorhinolaryngology, Head and Neck Surgery in Kalamata/ Greece and invited lecture on the 4th International ENT Seminar of the Nikea General Hospital in Athens/ Greece.

2000 Round table on "Auditory Brainstem Implants" during the 3rd International Symposium on Electronic Implants in Otology and Conventional Hearing Aids in Birmingham/ U.K.

Member of the Scientific Committee of the 5th European Symposium on Pediatric Cochlear Implantation in Antwerp/ Belgium.

Invited lectures on the 6th International Conference on Cholesteatoma Ear Surgery in Cannes/France, on the "Vertigo Course-Diagnosis and Therapy of Vertigo" of the University of Mainz together with the Medical Postgraduate Education Academy of Rheinland-Pfalz, on the regional meeting of ENT-Doctors in Trier, on the International Meeting of the European Academy of Facial Plastic Surgery in Thessaloniki/ Greece and on the 34th educational meeting of the German ENT Education Society (Deutsche Fortbildungsgesellschaft der Hals-Nasen-Ohrenärzte mbH).

Co-author of the Book J. Strutz, W. Mann (Hrsg). Praxis der HNO-Heilkunde, Kopf- und Halschirurgie. Thieme Verlag Stuttgart New York.

Since 2000 Consultant of the ENT Dept. in the Johannes-Gutenberg University of Mainz (Director: Prof. Dr. med. W. Mann).

08.2001 C3-Professor of Otorhinolaryngology in the Johannes-Gutenberg University of Mainz.

2001 Invited Lecture on the 4th Meeting of ENT-Dept. of MITERA Hospital in Athens/Greece

Invited Lecture on the regional meeting of ENT-Doctors in Trier/Germany

Invited Lecture on the 10th Annual Meeting of the Nicosia-Kyrenia Medical Society Hippocrates in Nicosia/ Cyprus

Invited Lecture on the 4th Bochumer Cochlear Implant Symposium in Bochum/Germany

Member of the Scientific Committee and Invited Lecture on the 5th European Skull Base Society Congress in Copenhagen/ Denmark

Member of the Scientific Committee and panelist on two Round Tables on the 2nd World Congress of Otorhinolaryngologic Allergy Endoscopy and Laser Surgery together with the 11th Panhellenic Congress of Otorhinolaryngology, Head and Neck Surgery in Athens/ Greece.

Member of the organizing Committee of the 4th International Mainz Workshops, state of the art in Rhinology, Otology, Skull base surgery and Computer assisted surgery in Mainz/Germany

Organization of the 1st Cochlear Implant Symposium of the Metropolitan Cochlear Implant Center Athens/ Greece

Participation with one Presentation on the 72nd Congress of the German Society of Otorhinolaryngology, Head & Neck Surgery in Hamburg/Germany

2002 Member of the International Faculty and special lecture on the 6th International Symposium on Pediatric Cochlear Implantation in Las Palmas/ Spain.

Exclusive International Instructor and two lectures on the 20th International Temporal Bone Dissection Course in the King Saud University of Riyadh/ Saudi Arabia

Invited Lecture for the Society of Speech Therapists and Teachers of the Deaf and The School of Deaf in Nicosia/Cyprus

2003 Member of International Faculty 4th International Symposium on Electronic Implants in Otology & Conventional Hearing Aids in Toulouse/France.

Member of Faculty and 4 Presentations on the 12th Panhellenic Congress of Otorhinolaryngology, Head and Neck Surgery in Thessaloniki/Greece

Organization and Lecture on the 1st Seminar on Deafness and Biomedical Technology in Larissa/Greece

Organization of the 2nd Postgraduate Seminar in Otorhinolaryngology of the Otorhinolaryngologic Society of Central Greece in Larissa/Greece

Invited Lecture on the 1st Spring Seminar of the Otorhinolaryngology Society of Northwest Greece, Peloponnesus and Ionian Islands in Ioannina/Greece

Invited Lecture on the Meeting of the Panhellenic Society of Plastic Surgery in Piraeus/Greece

Invited Lecture on the Meeting "Sport and Sea" in Poros/Greece

2004 Organization of the 3rd Postgraduate Seminar in Otorhinolaryngology of the Otorhinolaryngologic Society of Central Greece in Larissa/Greece
Member of Faculty and three Lectures on the 1st International Winter School of Otolgy-Neurootology, Lateral Skull Base Microsurgery in Athens/Greece
Member of Faculty, two Mini Symposia, one Main Session and one Round Table on the 5th European Congress of Oto-Rhinolaryngology, Head and Neck Surgery in Rhodos/Greece
Invited Lecture on the Symposium "Treatment of Hypacusis with Hearing Aids and Cochlear Implants" in Iasi/Rumania

2005 Member of Faculty one Round Table and eight Presentations on the 13th Panhellenic Congress of Otorhinolaryngology, Head and Neck Surgery in Athens/Greece.
Organization of the Annual Course in Audiology and Otoneurosurgery with five Lectures at the PopaUniversity of Iasi/Rumania
Organization of Symposium on Cochlear Implants, Past, Present and Future in Athens/Greece
Invited Faculty and five lectures on the 24th ENT Updates Conference in Riyadh/Saudi Arabia
Invited Lecture on the 3rd International Jordan-Greek Medical Congress in Amman/Jordania
Invited Lecture on the Meeting of the Paediatric Euroclinic Hospital in Athens/Greece
Participation with one Presentation on the 18th International ORL Congress in Roma/Italy

2006 Organization of the Annual Course in Subjective and Objective Audiometry, now under the auspice of the European Academy of Otolgy and Neurootology (EAONO) at the Popa University of Iasi/Rumania

Organization of the 1st Seminar in Audiometry in Athens/Greece
Co-Organization of the 1st Kuwait International Otolgy & Otoneurology Conference and the 1st Kuwait Temporal Bone Course and nine Lectures in Kuwait

Member of Faculty and Lecture on the International Workshop on Micro-Endoscopic Sinus Surgery in Mainz/Germany

Member of Faculty and Round Table on the 8th European Symposium on Pediatric Cochlear Implantation in Venice/Italy

Invited Faculty and two Lectures on the Simpozion "Hipoacuzia: abordari si tehnici moderne (diagnostic si tratament)" in Bacau/Rumania

Invited Faculty, external instructor and three lectures on the 26th Temporal Bone Surgical Dissection Course in Riyadh/Saudi Arabia

Member of Faculty and three Round Tables on the 8th International Congress of the Mediterranean Society of Otolgy & Audiology στο Dubrovnik/Croatia

Member of Faculty and Course on Acoustic Reflex on the 16th Seminar on Clinical Audiology-Neurootology in Pilio/Greece

Member of Faculty, one Round Table and one Lecture on the International Congress of Rhinology-Otolgy & Skull Base Surgery in Athens/Greece

Member of the Editorial Board του Mediterranean Journal of Otolgy

Participation with two Presentations on the 6th Athenian Days of Interventional Radiology in Athens/Greece

Participation with three presentations on the 77th Congress of the German Society of Otorhinolaryngology, Head & Neck Surgery in Mannheim/Germany

Participation with one Presentation on the 9th International Conference on Cochlear Implants in Vienna/Austria

Participation with three Presentations on the XXXI. ESNR Congress and 15th Advanced Course in Geneva/Swiss

Participation with one Presentation on the 15th Panellenic Radiology Congress in Athens/Greece

2007 Organization of the Annual Course in Subjective and Objective Audiometry under the auspice of the European Academy of Otolgy and Neurootology (EAONO) at the Popa University of Iasi/Rumania

Member of Faculty and Instructional Course on "Canal-wall-up tympanoplasty from A to Z" on the 6th European Congress of Oto-Rhino-Laryngology, Head and Neck surgery in Vienna/Austria

Organization of the Meeting "Cochlear implants: myths and reality" in Athens/Greece

Invited Lecture on “Cochlear Implants in Greece” on the XXII. Neusser HNO-Kolloquium in Neuss/Germany
Member of Faculty and experts’ presentation on the III Meeting “Consensus on Auditory Implants” in Marseille/France
Invited Faculty and two Lectures on the 4th International Jordan-Greek Medical Congress in Amman/Jordania
Invited Lecture as Research Seminar on the 6th Asia Pacific Symposium on Cochlear Implants and Related Sciences in Sydney/Australia
Member of Faculty and two Round Tables on the IX. International Conference of the Mediterranean Society of Otolology and Audiology in Bari/Italy
Participation with three presentations on the 78th Congress of the German Society of Otorhinolaryngology, Head & Neck Surgery in Munich/Germany
Participation with eight Presentations on the 14th Panhellenic Congress of Otorhinolaryngology, Head and Neck Surgery in Thessaloniki/Greece
Participation with three Presentations on the 6th European Congress of Oto-Rhino-Laryngology, Head and Neck surgery in Vienna/Austria
Participation with two Presentations on the 6th Asia Pacific Symposium on Cochlear Implants and Related Sciences in Sydney/Australia

2008 Co-Organization of the 2nd Kuwait International Otolology & Otoneurology Conference and the 1st Kuwait Temporal Bone Course and three Lectures, in Kuwait
Member of Faculty, one Round Table and one Presentation on the 2nd International Symposium of the Politzer Society on Otosclerosis & Stapes Surgery in Biarritz/France
Organization of the Annual Course in Subjective and Objective Audiometry under the auspice of the European Academy of Otolology and Neurootology (EAONO) at the Popa University of Iasi/Rumania
Member of Faculty and Round Table on the 8th International Conference on Cholesteatoma & Ear Surgery in Antalya/Turkey
Member of Faculty and Lecture on “Cochlear Implants” on the Seminar of the Panhellenic Society of Audiology and Neurootology in Myconos/Greece
Member of Faculty and Lecture on the VI Balkan Congress of Otorhinolaryngology, Head and Neck Surgery in Thessaloniki/Greece
Participation with one presentation on the 79th Congress of the German Society of Otorhinolaryngology, Head & Neck Surgery in Bonn/Germany

2009 Member of Faculty and three Presentations on the XI International Facial Nerve Symposium in Roma/Italy
Organization of the Annual Course in Subjective and Objective Audiometry at the Popa University of Iasi/Rumania
Member of Faculty and Round Table on the 15th Panhellenic Congress of Otorhinolaryngology, Head and Neck Surgery in Creta/Greece
Member of Faculty and Round Table on the 19th Panhellenic Seminar-Neurootology update in Patras/Greece

2010 Invited Faculty, three Round Tables and one Lecture on the 32nd National Congress of Otorhinolaryngology and Cervico-facial Surgery with International Participation in Iasi/Rumania
Organization of the Annual Course in Subjective and Objective Audiometry at the Popa University of Iasi/Rumania

2011 Organization of the Annual Course in Subjective and Objective Audiometry) at the Popa University of Iasi/Rumania
Member of Faculty and Round Table Lefkada/Greece

2012 Exclusive International Speaker and Instructor on the 6th RMH Temporal Bone Course and Otolology Update of the Riyadh Military Hospital in Riyadh/Saudi Arabia
